This will acknowledge receipt of your letter of 3 November to the Office of the Director, CIA, in which you report difficulty in repaying your obligation to the Northwest Federal Credit Union. Inasmuch as this Credit Union is not a component of the Agency I have referred your letter to its Director for action. I feel sure that your problem will be given fair consideration and that you will find the Credit Union management cooperative in working out a reasonable plan for repayment of your loan.

Very truly yours,

Executive Officer
